DEAR CHEF AND PURCHASER,

After spending 25 years as a chef in kitchens across two continents, I have decided to set up my own enterprise catering to the needs of other chefs. My experience of the industry gives me an accute understanding of your time imperatives, your constant quest for quality and the need for variety expected by today's consumers.

For this new catalogue, I have sourced some exciting suppliers, Opera patisserie is one of them, with whom I work closely to maintain and develop successful recipes. There are many more suppliers listed in the following pages, and I have worked with them personally to guarantee you the highest quality and uninterrupted supplies. I am therefore confident that you will enjoy our fine selection of products. If you are searching for an item not listed in this catalogue, however, do not hesitate to call on 561-541-0895 and we will do our best to source it for you.

I am looking forward to meeting and exceeding your expectations; and to bringing you a real quality alternative.

Jean-Pierre Blouin
 President
